Electric Towel Rail Radiator, Digital

ELNUR GABARRON®

control with programmer

The TB line digital towel rails include a daily and weekly programming option. They also adjust to your comfort needs by offering 5 different operating modes, such as the 2-hour Timer mode for rapid heating of the room, different temperature levels and the open windows function.

They do not require any sort of maintenance and installation is extremely simple. They perfectly complement your heating system for the bathroom and lavatory.

Its powder coated finish in white color is available in 300W and 600W. You can enjoy the luxury of warm towels and a perfectly heated bathroom.
